Can I edit general notes someone else has entered?

FAQ · https://behca.au/support/can-i-edit-general-notes-someone-else-has-entered/

Account Owners and Managers can edit General Notes entered by any user. Staff and Guest users do not have the ability to edit the notes that other users have entered, but they can edit notes that they have added themselves. If a user makes an edit to a note, the time, date, and the name of who edited the note is displayed for all users.
